EXPERIENCE

TEIBTO CO., LTD. – INTERNSHIP FULL-STACK DEVELOPER

- Developed and customized complex business logic on the NetSuite ERP/CRM platform using SuiteScript (User Event, Client Scripts)
- Collaborated closely with senior developers to analyze customer requirements and translate them into effective technical solutions.
- Debugged and optimized existing codebases to resolve critical issues, significantly enhancing system stability and performance.
- Adapted and modified code to fit real-world business use cases, ensuring the delivered software aligned perfectly with client needs.
- Participated in requirement analysis and software implementation processes, gaining hands-on experience in the full software development lifecycle.

BANGKOK GEMS & JEWELRY FAIR – TYPIST

- Bangkok Gems & Jewelry Fair – Typist for VIP Guests
- Provided accurate and efficient typing services for VIP guests, ensuring confidentiality and attention to detail.
- Assisted in coordinating communication and documentation under time-sensitive conditions.
- Gained experience in professionalism, multitasking, and client-facing responsibilities

RANGSIT UNIVERSITY – TEACHING ASSISTANT

- Assisted instructor in delivering lectures, labs, and exercises for Java Programming.
- Supported students with coding practices, debugging, and understanding OOP concepts.
- Improved communication and mentoring skills through one-on-one student guidance.

SAHA-UNION PUBLIC CO.,LTD. - APPRENTICESHIP AS ELECTRICIAN’S ASSISTANT

- Assisted electricians in installation and maintenance of electrical systems.
- Gained practical exposure to safety standards and technical problem-solving.
- Built teamwork and hands-on technical experience in industrial settings.

PROJECT

- Thesis Management System** (React, Node.js, MongoDB)
 - Designed and developed a web-based application to streamline the thesis submission and approval workflow for students and advisors.
 - Implemented core features including user authentication, real-time status tracking, and document file management using MongoDB
 - Designed a comprehensive data schema to handle complex relationships between students, advisors, and thesis topics effectively.
- Motion Detection** (Python, OpenCV)
 - Built a program to detect and analyze motion from images/videos using computer vision techniques.
- Web Image Gallery** (Next.js, MongoDB, CSS, Bootstrap)
 - Developed a web app to upload, manage, and display images in a gallery format.
- Mini Dino Game** (Python, Processing)
 - Created a simple game with jump mechanics, obstacles, and collision detection.

TECHNICAL SKILLS

- Programming Languages: Python, Java, JavaScript, C++ (basic), TypeScript (basic), SuiteScript (NetSuite)
- Web Development: HTML, CSS, React.js, Next.js, Vue.js, Node.js, Tailwind CSS, NetSuite(Oracle)
- Databases: MySQL, PostgreSQL, MongoDB, XAMPP
- Tools & Platforms: Git, GitHub, VS Code, Postman

SOFT SKILLS

- Problem-solving , Adaptability , Communication and teamwork , Attention to detail and time management

EDUCATION

RANGSIT UNIVERSITY	2022 - 2025
- College of Digital Innovation Technology - Computer Science Branch	
EASTERN COLLEGE OF TECHNOLOGY	2020
Electrician Branch	

LANGUAGE

- Thai (Native).
- English(Basic)
